MANAGEMENT OF FOREST ECOSYSTEMS IN NATIONAL PARKS AND OTHER PROTECTED AREAS

The third (finale) announcement and program Conference
Jahorina - Tjentište, Bosnia and Herzegovina
July, 05 - 08. 2006.

Dear colleagues and friends,

Dear guests

It is our pleasure to invite you to participate in the first international scientific conference in Bosnia and Herzegovina: "Management of Forests Ecosystems of National Parks and Other Protected Areas" which will be held on 5-8 July in 2006 on Jahorina and within the area of "Sutjeska" national park.

The utilisation of national park and other protected areas resources, the ways of their funding and maintenance present current matters in the whole world. The number of Conference participants confirms that, also. We have received 69 scientific and professional papers intended for oral presentation and 17 poster presentations. The authors are not only from Bosnia and Herzegovina and from neighbouring countries (Croatia, FYR of Macedonia, Slovenia, Serbia and Montenegro), they also come from other European countries (Bulgaria, Italy, Poland, Romania and Switzerland), Africa and Canada. The last day of the Conference 8 July (Sunday) is reserved for a visit to national park "Sutjeska" and virgin forest "Peru}ica"- one of the

largest virgin forests in Europe (1434 ha in size).

Based on our and other countries experience this Conference is expected to offer models of protected areas management, especially governing and management of forest ecosystems under the condition of plural utilisation.

Authors will be provided with video projector (Video-Bim) and a computer for Power Point presentation, overhead projector and slide projector. Board of 100x80 cm in size will be provided for poster presentation.

Organiser will feel honoured and privileged to welcome all Conference participants. We are looking forward to your participation.

Programme of the Conference is enclosed.

With best regards,

Scientific Board

Chairman

PhD Midhat Usčuplić, prof.

PROGRAMME

THE FIRST INTERNATIONAL SCIENTIFIC CONFERENCE
"FOREST ECOSYSTEM MANAGEMENT OF NATIONAL PARKS
AND OTHER PROTECTED AREAS"
JAHORINA-TJENTISTE, JULY, 05-08. 2006.

OBLASTI / TOPICS

- 1 Biodiverzitet šumskih ekosistema nacionalnih parkova i drugih zaštićenih područja
Forest Ecosystem Biodiversity of National Parks and Other Protected Areas
- 2 Planiranje gazdovanja šumskim ekosistemima nacionalnih parkova
i drugih zaštićenih područja
Planning of the Forest Ecosystem Management of National Parks
and Other Protected Areas
- 3 Problemi ekonomske samoodrživosti nacionalnih parkova
Problems Occurring in Economic Self-Preservation of National Parks
- 5 Integralna zaštita šumskih ekosistema nacionalnih parkova i drugih zaštićenih područja
Integrated Protection of Forest Ecosystems of National Parks and Other Protected Areas
- 6 Divljač u zaštićenim područjima
Game in Protected Areas
- 7 Turistička valorizacija nacionalnih parkova i drugih zaštićenih područja
Tourist-Valuation of National Parks and Other Protected Areas
- 8 Multifunkcionalne vrijednosti šumskih ekosistema nacionalnih parkova
i drugih zaštićenih područja
Multifunctional Values of Forest Ecosystems of National Parks
and Other Protected Areas
- 9 Legislativa o zaštićenim područjima
Legislation on Protected Areas
- 10 Šumski ekosistemi prašumskog tipa
Forest Ecosystems of Virgin Forest Type

SRIJEDA / WEDNESDAY, 05 JULY 2006.

16.00-20.00 Registracija učesnika / Registration
20.00- Koktel dobrodošlice / Welcome cocktail

ČETVRTAK / THURSDAY, 06 JULY 2006.
